

How to Read the table:

All of our doors are fully custom made to fit your space, the HEIGHT & Width numbers are only as reference for you to find out your price.

If you Shower is a corner one you need to add measurement A+B to find your WIDTH.

Example:

You looking for inline shower, your opening from wall to wall is **56-5/8** and the height you would like is **72-1/2**.

You need to round up to next even number. **In this example you price would be \$959**

3/8" Clear Glass							
Width	36"	42"	48"	54"	60"	66"	72"
72"Height	\$798	\$835	\$874	\$911	\$949	\$986	\$1,025
74"Height	\$806	\$844	\$883	\$920	\$959	\$996	\$1,035
76"Height	\$814	\$852	\$891	\$929	\$968	\$1,006	\$1,045
78"Height	\$823	\$861	\$900	\$938	\$978	\$1,016	\$1,056
80"Height	\$831	\$869	\$910	\$948	\$988	\$1,026	\$1,067
82"Height	\$839	\$878	\$919	\$957	\$998	\$1,037	\$1,077

How to calculate sq ft of your glass.

Formula for Square Feet:

Door Width in inches x Door Height in inches ÷ 144 = Square Feet

Example: A door of 28" width and 80" height = 16 sf
 $28 \times 80 = 2240 \div 144 = 15.5555$ (round up to even number)

Other Glass		
	3/8"	1/2
Acid Washed	\$8 per sq ft	\$13 per sq ft.
Acid Washed Starphire(low iron)	\$19 per sq ft.	\$21 per sq ft.

Lead time for all shower doors is 7-10 business days.
